

Final concept plan

Dedicated to a better Brisbane

LEGEND

Existing equipment to be retained and improved

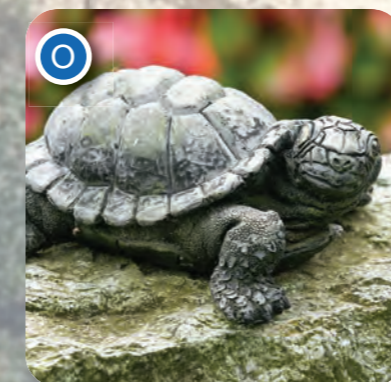

Proposed new equipment to improve accessibility and play value

- 1 Retain existing boardwalk
- 2 Improve existing raft
- 3 Upgrade existing boardwalk with interactive panels
- 4 Rejuvenate interactive pole top artworks
- 5 Extend existing wharf structure
- 6 Replenish existing sand
- 7 Replace one swing with additional swings plus a joey or friendship swing
- 8 Replace existing undersurfacing with rubber tiles
- 9 Replace playground mulch with rubber or synthetic grass
- 10 Replace chain net

- A Activity choice boards at the entries
- B Custom-designed colourful play structures on a new boardwalk
- C New timber decking
- D New accessible bridge to link existing and proposed play features
- E A large spinner for group play
- F Sand play with pulleys, buckets, funnels and chutes
- G Bridges to connect new and existing structures
- H Cubby house spaces under the boardwalk
- I Custom shade sails overhead to create a wharf-like character
- J Climbing wall
- K Accessible play panels
- L New rubber domes
- M Additional rockers
- N Map and compass panels for navigation play
- O Boulders with carvings and small artworks

Notes

- Subject to further detailed designs, investigations and available funding.
- All images shown are for character reference only and proposed elements are subject to change.

NOT TO SCALE
